## **CUDDLERS AND MOVERS: 6 WEEKS THROUGH AGE 2**

In our nursery, we strive to create a peaceful environment, caring for the physical and emotional needs of your child to give them a great first impression of their Heavenly Father. We will nurture each child spiritually by sharing God's love and joy through our words, actions, and expressions.

### **1 THE SERVICE EXPERIENCE**

During service, your child will have plenty of interaction and playtime built around their developmental needs. Our goal is to give them a glimpse of the God that made them and loves them through meeting their needs and showing them love.

### **2 WHAT TO BRING**

You may bring a diaper bag, extra diapers, wipes, a pacifier, bottles, sippy cups, formula, or whatever else your child might need during this time. If you happen to forget a diaper bag, we have diapers of various sizes, wipes, and sippy cups on hand that we can fill with water.

### **3 COMMUNICATION**

Good communication is of utmost importance. Please let us know what specific needs your child may have during the service (bottle, nap, etc.). Likewise, we will strive to communicate any concerns or needs that arose while your child was in our care.

### **4 WELLNESS**

We care about the health of your child and the other children too!

If your child has a persistent cough, has had a fever or has vomited within the last 24 hours, please keep your child out of the classrooms for that day.

### **5 NURSING MOTHER'S ROOM**

The nursing mother's room is an option available for all moms who need to feed their child during the service. This room is located off of the women's restrooms.
